

# MODLINK

Modlink MSDD front panel interfaces make it easy to access controls in the cabinet when it's time for on-site diagnostics and maintenance. The control cabinet stays closed so you aren't exposed to live voltage and the components stay within the recommended protection class. Compliance with safety regulations regarding panel entry are easier to meet with the use of panel interface devices.

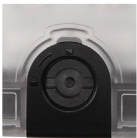

## HIGH QUALITY PLASTIC

- Transparent and Fiberglass Reinforced Models Available

## EASY TO OPEN & CLOSE

- Integrated Spring Lifts the Lid 30°  
- Easy to tell if it has been left open.
- Lid with Locking Position

## LOCKING MECHANISMS

3mm Double-bit Key

Knob

## LABEL PLATES

- Individual labels for each port

## PROTECTION LEVEL

- IP65 Protection Outside
- IP20 Inside with Touch Protection
- NEMA 4, 4X, 12, 13
- UL Recognized
- 3A Resettable Fuse

## MODULAR INSERTS

- Over 4000 possible combinations
- Single and Double Frame Inserts

## MODLINK SETS

Single part number ordering for our most common combinations has come to Modlink. Simply pick a frame and add an insert. Use the images and chart below to find the article numbers for the double frame sets and the ones at right to find the article numbers for the single frame sets.

### Pick a Frame...

Transparent Lid  
4000-68522-0000001

Metallic Lid  
4000-68523-0000001

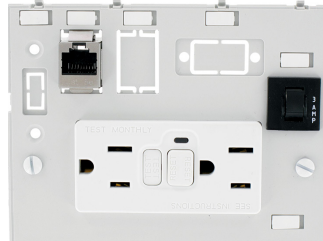

Gray Lid  
4000-68524-0000001

### Add an Insert (or 2)...

GFCI/RJ45/USB/3A Fuse  
4000-68000-4100000

GFCI/RJ45/3A Fuse  
4000-68000-4110000

USB/RJ45  
4000-68000-1310000

Power/RJ45/3A Fuse  
4000-68000-4070000

# CUSTOM LASER ETCHING

You can now add your company logo, graphics, text, barcode or other information to the cover of your Modlink frame. Order using the article numbers below and keep in mind the following best practices for your graphic files:

- Graphics should be submitted as either .dxf, .dwg or .eps files
- Black and white graphics will reproduce better than color ones
- Graphics may be submitted as high resolution (300dpi) .jpg files. However, reproduction quality can not be guaranteed. For best results, submit one of the file formats above.
- Area available for laser etching is indicated by the pink rectangles on the frames below

Art. Number	Style
400C-68512-0000001	Single Frame, Transparent Lid
400C-68513-0000001	Single Frame, Metallic Lid
400C-68514-0000001	Single Frame, Gray Lid
400C-68522-0000001	Double Frame, Transparent Lid
400C-68523-0000001	Double Frame, Metallic Lid
400C-68524-0000001	Double Frame, Gray Lid
