

Murrelektronik offers a comprehensive range of valve plugs. The SVS Eco is a field-wireable plug with an exceptional price/performance ratio. For applications that require an indicator for switching operations and integrated suppression, the SVS Eco LED is the right solution.

SVS Eco

The cost effective model

- Excellent price/performance ratio
- Available in all standard forms
- IP65 protection
- Increased safety with green gasket: ensures visual control

The best choice for simple applications.

SVS Eco LED

The price/performance favorite

- Excellent price/performance ratio
- With LED and MOV suppression
- For voltage ranges of 24, 110 and 230V
- Available in all standard forms
- IP65 protection
- Increased safety with green gasket: ensures visual control

The best choice when cost-effective functionality is needed.
